Founded in 2010, The University Impact Fund is the first student-run Impact Investing firm in the world. UIF partners with leading social investment firms, impact investors, social entrepreneurs, innovative non-profit organizations, and foundations to identify, assist, and fund social enterprises with significant potential. UIF is an affiliate of the University Venture Fund (UVF), which is an $18M independent venture fund that leverages the skills of under-graduate and graduate students from universities across the state.
