

ASSISTANT PROFESSOR – MECHATRONICS

The Mechanical Engineering Department at Cal Poly, San Luis Obispo, invites applicants for a full-time tenure-track position in the area of mechatronics, starting in September 2019.

Located on the central coast of California, Cal Poly is a nationally-ranked, comprehensive polytechnic public master's-level university. The Mechanical Engineering Department is the largest in the university, with over 1,200 undergraduate and 100 master's students. It is ranked as the second best undergraduate mechanical engineering program of its type by U.S. News & World Reports. Cal Poly's distinctive "Learn by Doing" philosophy is exemplified throughout the curriculum with state-of-the-art laboratories, integration of design activities, and a capstone senior project experience resulting in functional prototypes.

This is an opportunity for individuals who are excited about undergraduate education to join a unique institution that values teaching and scholarly activities with undergraduate and master's students. We are looking for individuals who have a passion for teaching at the undergraduate and graduate levels and engagement in the scholarship and professional practice of mechanical engineering.

At Cal Poly, we believe that cultivating an environment that embraces and promotes diversity is fundamental to the success of our students, our employees, and our community. Bringing people together from different backgrounds, experiences, and value systems fosters the innovative and creative thinking that exemplifies Cal Poly's values of free inquiry, cultural and intellectual diversity, mutual respect, civic engagement, and social and environmental responsibility. Cal Poly's commitment to diversity informs our efforts in recruitment, hiring and retention. California Polytechnic State University is an affirmative action/equal opportunity employer. EEO.
