

PhD Preliminary Program of Study

This form is due to the ME Graduate Advising Office by the end of your first semester.

List the courses you plan to take during your PhD program. No more than 9 non-matriculated credits, 6 transfer credits, 3 independent study (ME EN 6950) credits, and 3 seminar (must be for credit seminar) credits allowed. Non-matriculated and transfer credits must be graded B or better. All matriculated grad courses must be graded B- or better with overall GPA of at least 3.0.

Students with a conferred MS degree in Math, Science, or Engineering see instructions on the second page of this form.
